CITY OPEN AIR CINEMA – THE GLORIOUS '80

Let's stroll down memory lane with some of the 80's celluloid classics. There used to be a time with no Internet, a time when you had to rewind audio tapes with your walkman and VHS tapes with your VCR. From Prince to Michael Jackson, from Gremlins to The Goonies, up to the meteoric rise of the Three King Davids (Lynch, Bowie and Cronenberg): revisiting some of the decade's idols and myths today feels like treating yourself to a deliciously vintage experience (check the fancy looks) full of guilty pleasures, that aren't that guilty afterall.
